

# **Projet CADRANT**

## **-**

# **V1.1 Release**

**BARDIN Sébastien**

**LEDRU Louis**

**PLANQUE Alexis**

## New functionalities:

- You can now change language from the main menu of the software!

## Bugs correction:

- The software now allows you to integer subdirectories in your source. They won't be ignored anymore!
- SaveStatLog file now integer execution time!
- JsonLog file wich contains logs history is now daily!

## Comments:

- To use a network disk as source/destination folder, the disk must be mapped into file explorer.
